Mill to recover with terrain

Mill of 30 m2 to recover with land.

In good structural condition allows the use of the implantation area in 2 levels, taking advantage of the access staircase in stone and on the upper floor the existence of 2 windows.

It has a wooded land totaling 560 m2 of global area and a beautiful field view at 360°.

It benefits from good access with the company's water and electricity within 200 metres.

It is located about 1 km from the village and about 5 kilometers from Tomar.

Ideal for atelier or shelter of inspiration.
